

SHAIKH ZEESHAN

FULL STACK MERN DEVELOPER

Mumbai, India | github.com/zeeshanshaikh95 | shaikhzeeshan9511@gmail.com

PROFILE

MERN-focused developer building scalable, responsive web applications. Interested in clean user interfaces, dependable backend APIs, and the small implementation decisions that make software feel polished. Actively seeking full-time software engineering, frontend, MERN developer, and internship opportunities.

CORE SKILLS

Frontend	React, JavaScript, HTML5, CSS3, Tailwind CSS, responsive UI
Backend	Node.js, Express.js, MongoDB, REST APIs, authentication, JWT
Tools	Git, GitHub, Postman, VS Code, Vercel, Render, Railway
Learning	TypeScript, data structures and algorithms, system design

CURRENT FOCUS

Building MERN applications

Shipping end-to-end personal projects to strengthen practical product and engineering skills.

Deepening React and Node.js

Exploring cleaner frontend architecture and scalable backend foundations.

Strengthening problem solving

Practicing data structures and algorithms through consistent, deliberate work.

WORKING STYLE

Curious, reliable, and detail-oriented. I enjoy breaking down real problems, collaborating thoughtfully, and turning ideas into clear, maintainable software.
